ATTENTION OF

March 27, 2012

Office of the Chief
Planning Division

DEAR INTERESTED PARTY:

Enclosed for your review and comment is a copy of a Draft Supplemental Environmental Assessment (SEA)/Environmental Impact Report (EIR) Addendum, which discusses repairs to the fish ladder weir crests and clarifications of operations and maintenance (O&M) activities at the Santa Paula Creek Flood Control Project. Construction associated with repairs to the fish ladder weir crests is scheduled to begin this summer.

This SEA amends the Final Supplemental Environmental Impact Statement (SEIS) and EIR for the Santa Paula Creek Flood Control Project, dated 1995; The EIR Addendum serves as an addendum to the EIR for CEQA (California Environmental Quality Act) purposes.

Please forward comments on the proposed modification or the Draft SEA by May 1, 2012. Comments should be forwarded to:

Josephine R. Axt, Ph.D.
Chief, Planning Division
U.S. Army Corps of Engineers
Los Angeles District
P.O. Box 532711
ATTN: Chris Jones (CESPL-PD-RN)
Los Angeles, California 90053-2325

If you have any questions regarding this project, please contact Mr. Chris Jones, Project Biologist and Environmental Coordinator, at (213) 304-6234, fax at (213) 452- 4204 , or Christopher.T.Jones@usace.army.mil.

Thank you for your attention to this document.

Sincerely,

Josephine R. Axt, Ph.D.
Chief, Planning Division
