

ENERGY SAVINGS RESOURCE GUIDE

970 Ventura Street
Santa Paula, California 93060
(805)933-201
admin@spcity.org

The City of Santa Paula Energy Saving Resource Guide provides information on several energy saving assistance programs for residential and commercial properties. The following will provide a brief description of each, along with a website and contact for further information.

Southern California Edison Programs

Residential energy savings programs, tips and rebates—Low Income Energy Efficiency programs (LIEE) and California Alternate Rates for Energy (CARE).

Commercial energy savings programs, tips and rebates—When you're running a business, every dollar counts -- and so does every kilowatt hour. Take advantage of our free energy audit, rate analysis and Energy Adviser tool for real-time information about how and when your business uses electricity, and learn what you can do to reduce usage.

City of Santa Paula homeowners and business owners now qualify to participate in the following State of California approved Energy Financing Programs. Each Program has different qualifications and repayments terms, so it is best to compare and research what is best for your personal situation:

EmPower Central Coast

EmPower Central Coast provides a variety of services that includes rebates up to \$6,500, low interest financing, free expert energy advice, personalized customer support and access to qualified contractors. Empower partners with CoastHills Federal Credit Union and Ventura County Credit Union to offer unsecured loans with low rates and flexible terms of loan repayment up to 15 years in order to achieve manageable monthly costs. EmPower helps make your home more comfortable, efficient and safe. Most energy efficiency, renewable energy, and water conservation projects are eligible

FIGTree Financing

Figtree PACE Financing allows up to 20% of a property's value to be financed for energy efficiency or water conservation upgrades. The financing creates an assessment lien on the property and is repaid as semi-annual installments on the property tax bill. Figtree PACE Financing is no money down, long term (up to 20 years), with fixed low interest rates. Qualifying for PACE financing is based on the property not business credit. All commercial property types are eligible including office, industrial, agriculture, retail, hotel, multi-family, non-profits and houses of worship. Most energy efficiency, renewable energy, and water conservation projects are eligible.
