ROLL CALL

Vice Chair Jesse R. Ornelas, Commissioner Gary L. Nasalroad, and Commissioner John A. Turturro responded to roll call. Chair Michael E. Sommer and Commissioner Jennifer A. Matos were absent. City Attorney Karl H. Berger noted that Commissioner Matos was absent because she lives within 500 feet of the project and thus has a conflict of interest.

PUBLIC COMMENT (continued)

Bill Mensing issued "atta-boys" to the City Clerk, City Manager, City Council, and City Attorney.

Eric Barragan, 1001 Elderberry Court, representing Latino Town Hall, distributed a packet of information regarding Latino Town Hall's Community Education Committee Project entitled "Padres Adelante," a program that will provide parents with training, education on school issues, motivation, and leadership development. He asked for the City Council's assistance and support of the program.

Jack Phillips, representing We CARE Santa Paula, stated that the County Registrar of Voters had certified the signatures on their petition for the November 8, 2005 ballot. He recommended that the City conduct a comprehensive city plan of all proposed development projects.

John Wisda, 550 Monte Vista, representing We CARE Santa Paula, spoke regarding their successful efforts during the signature gathering process. He expressed his concerns with traffic and housing balance for the proposed Fagan Canyon development project. He also spoke against the proposed asphalt plant project due to air quality and noise concerns.

Laura Flores Espinosa, 233 Corte Linda, representing Latino Town Hall, invited everyone to attend a meeting on June 9, 2005, at 6:30 p.m., at Our Lady of Guadalupe

Church Hall, with guest speaker Honorable Larry Miller, Trustee with the Ventura County Community College District.

PUBLIC HEARING

A. 2005-CDP-02 Ridgeview at Vista Glen Residential Subdivision

Upon verification of proper notification and posting by the City Clerk, Mayor Krause opened the Public Hearing at 7:05 p.m.

Councilmember Aguirre declared a conflict of interest because his residence is within 500 feet of the project. He exited the Council Chambers at 7:06 p.m.

Commissioner Turturro disclosed that he met with city staff to discuss the project. Mayor Krause disclosed an ex parte contact with Robert Comstock to discuss the project. Vice Mayor Cook disclosed an ex parte contact with city staff to discuss the project.

City Manager Wally Bobkiewicz declared a conflict of interest because his residence is within 500 feet of the project. He noted that Public Works Director/City Engineer Clifford G. Finley would serve as the Acting City Manager. City Manager Wally Bobkiewicz exited the Council Chambers at 7:08 p.m.

Contract Planner Kristie Wheeler presented the report dated June 1, 2005. She provided a copy of the Errata Sheet for the project and noted that a revised joint resolution with proposed changes and additions to the conditions of approval was provided at the dais. She responded to a question regarding the reason the eaves on the proposed residences would be six inches as opposed to 24 inches by stating that this was the proposed architecture and style of the homes.

Robert Comstock, applicant, provided a Power Point® presentation with proposed changes from their previous presentation. He noted that a letter of endorsement was received from the Vista Pointe residents. He also noted that his staff is looking into the feasibility of connecting the project to the existing neighborhood, which would require obtaining an easement from one of the current homeowners. Lastly, he stated that the reason for the six-inch eave overhang is due to the configuration between residences in a few locations; however, they could alter the plans to have 16-inch eave overhang on all sites.

Mr. Comstock responded to a question regarding the likelihood of an additional connection between lots 50 and 49, 49 and 48, or 51 and 50 by stating that he would need to discuss this possibility with his civil engineer.

The Planning Commission commented on requiring the homeowners association to enforce the Conditions, Covenants, and Restrictions (CCRs) to maintain play equipment

for the tot lots and landscaping. City Attorney Karl H. Berger stated that he would ensure that the CCRs include an enforcement mechanism.

The Planning Commission commented favorably on the rear loading garages. They suggested diversity in the massing of the architectural style of the homes, bringing back the traditional Craftsman style, and the opportunity for a destination for pedestrians such as a gazebo. Mr. Comstock stated that they would consider these suggestions.

Steve Stuart, 815 Vista Grande, stated for the record that he was speaking on behalf of himself and not as the City's Building Official. He read from the letter submitted for the record from the Vista Grande Drive homeowners in support of the Ridgeview at Vista Glen project. He responded to a question regarding the size of eaves in his neighborhood by responding that they are between 12 to 24 inches. He also responded to whether he was satisfied with his previous concerns for wildlife by stating that he assumes that the developer will install the appropriate retaining wall adjacent to the corridor that is used by animals.

Dora Crouch, 739 Yale Street, expressed her concerns with the architecture of the project and asked that the developer maintain high design standards for the project.

The City Council expressed concerns with the minimum interior garage dimension as proposed in the Development Agreement. City Attorney Karl H. Berger suggested amending the language to read, "For Plan No. 3 minimum interior garage dimensions are not required to exceed 18" wide by 19" deep for the set-back garage plan."

The City Council expressed concerns with ensuring that the development would not be gated. City Attorney Karl H. Berger noted that an additional condition was added that roadways must be accessible to the public at all times.

The City Council expressed concerns with provisions regarding the removal of rocks and with truck traffic generated during construction. Kristie Wheeler responded that the Mitigation Monitoring Reporting Program includes limitations on the hours of construction. She also noted that there were no mitigation measures that address truck traffic; however, this could be added as a condition of approval.

RECESS TO A BREAK

Mayor Krause recessed the City Council and Planning Commission to a break at 8:32 p.m.

RECONVENE TO REGULAR MEETING

Mayor Krause reconvened the City Council and Planning Commission at 8:42 p.m.

Public Works Director/City Engineer Clifford G. Finley responded to a question regarding traffic mitigation for infrastructure damage caused by construction vehicles by stating that the grading permit would address designated truck routes and any repairs needed to damaged streets. Kristie Wheeler added that a condition could be added prior to issuing the grading permit and suggested the following language, "The applicant must submit a construction management plan to address truck traffic associated with grading and site preparation for Public Works and Planning Director approval."

The Planning Commission asked that the developer consider the following:

- 1) Destination view point;
- 2) Additional pocket park at high wire area;
- 3) Consider connection to Vista Grande subdivision as a condition;
- 4) Require the homeowners association to enforce the use of garages for housing vehicles;
- 5) Require the homeowners association to enforce street parking on only one side of the street;
- 6) Overlay of Tenth Street or the truck route at completion of project as a condition.

Public Works Director/City Engineer Clifford G. Finley responded to a question regarding street parking on only one side by stating that the proposed street width would be the standard size of 36 inches, which would allow street parking on both sides.

Kristie Wheeler summarized the changes suggested by the City Council and Planning Commission:

- 1) Condition #3, interior garage dimensions would be revised to read 10 ft. x 20 ft. per vehicle, except Residence 3 is allowed 9 ft x 19 ft. City Attorney Karl H. Berger noted that this change would also be reflected on the Development Agreement, Section 4.17 (j).
- 2) At the end of Condition #42 add a sentence: " 'A' Street must not be gated."
- 3) Add a condition following Condition #12 for the requirement of a construction management plan. Everything following would be renumbered.
- 4) Add a condition under subheading "Before Issuance of Building Permit" for a fourth architectural style such as traditional Craftsman.
- 5) Add a condition that the *port cochere* shown as optional on Residence 3 must be provided.
- 6) Consider feasibility of a viewing deck with possible a gazebo along the pedestrian path connecting the upper and lower portions of the subdivision on the access of the private drive.
- 7) Add to Condition #31 a requirement that the CCRs include a requirement for using the garages for parking and not storage.
- 8) Require pedestrian connection between Vista Grande and Tenth Street.

The Planning Commission suggested that the developer review and study the possibility of adding a higher percentage of deep-set garages, and consider providing Residence 3 on more lots.

The City Council suggested that the developer consider the feasibility of a pocket park at the high voltage wire area.

Public Works Director/City Engineer Clifford G. Finley suggested that the developer could be conditioned to repair or replace Tenth Street to its current condition.

The City Council suggested that the developer consider additional work on the elevation of the single story plan in order to make it more attractive, and that staff review the feasibility of 16-inch eaves and consider fire safety issues.

Robert Comstock stated that he was in favor with the proposed suggestions; however, he would make the best effort in regards to the pedestrian pathway due to the need for third party cooperation. He also asked that the study for the elevation of Plan One be approved at the staff level.

City Attorney Karl H. Berger responded to a question regarding the Tenth Street configuration and its effect on future access to Fagan Canyon by stating that the current configuration of the circulation element calls for Tenth Street to curve; however, later on the agenda was an item to amend the circulation element to allow a proposed change in configuration to a straight line. He also stated that the Fagan Canyon project was speculative at this time.

It was moved by Vice Mayor Cook, seconded by Vice Chair Ornelas, to adopt Joint Resolution No. 6186 as revised with the conditions added tonight approving and certifying a Mitigated Negative Declaration and Mitigation Monitoring and Reporting Program (MMRP) and approving a Tentative Map, Planned Development Permit and Growth Allocation for the Ridgeview at Vista Glen Residential Subdivision proposed on 16 acres located at the northern terminus of Tenth Street (APNs 100-0-010-315, -325, -425, and -485). Under roll call vote, Councilmember Luna, Councilmember Procter, Vice Mayor Cook, and Mayor Krause were in favor. Commissioner Nasalroad, Commissioner Turturro, and Vice Chair Ornelas were in favor. Councilmember Aguirre, Commissioner Matos, and Chair Sommer were absent. The motion carried.

ORDER OF BUSINESS

- A. Adoption of Revised Employer/Employee Resolution

Assistant to the City Manager Melissa Grisales' report dated April 19, 2005. She noted a change to Section 7A of the resolution which should indicate the month of July rather than March.

It was moved by Councilmember Aguirre, seconded by Councilmember Procter, to adopt Resolution No. 6121 as amended which establishes Rules and Regulations governing Employer-Employee Relations. All were in favor, and the motion carried.

RESOLUTION NO. 6121

**A RESOLUTION ESTABLISHING RULES AND REGULATIONS GOVERNING
EMPLOYER-EMPLOYEE RELATIONS**

D. Alarm Permitting: False Alarm Response

City Attorney Karl H. Berger's report dated May 9, 2005. He responded to a question regarding a grace period of the proposed ordinance by stating that if the ordinance were adopted there would be a one- year grace period for implementation of the ordinance to allow for public notification and education.

The City Council discussed concerns with requiring everyone in the city who has an alarm to obtain a permit; the amount of effort involved to enforce the proposed ordinance; and whether to charge a permit fee for commercial alarms rather than residential alarms. The City Council also discussed receiving information from the Police Department regarding the magnitude of calls received for false alarms and monitored alarms versus non-monitored alarms.

City Attorney Karl H. Berger suggested that staff bring back an ordinance that would focus on commercial alarms rather than residential alarms and a report from the Police Department on the number of false alarms received for commercial and residential and monitored alarms versus non-monitored alarms.

It was moved by Councilmember Procter, seconded by Councilmember Luna, to refer the item back to staff. All were in favor, and the motion carried.

City Attorney Karl H. Berger was excused from the remainder of the meeting at 10:15 p.m.

B. Adoption of Fiscal Year 2005-2006 City Council Goals and Priority Projects and Economic Development/Redevelopment Implementation Plan

City Manager Wally Bobkiewicz's report dated June 1, 2005.

Eric Barragan, 1001 Elderberry Court, spoke in support of the goals. He stated that the goal to continue and validate outreach program to Spanish-speaking community would make a direct correlation from his earlier comments about the Padres Adelante Program, and he encouraged the City Council to engage the community in siting new schools.

Laura Flores Espinosa, 233 Corte Linda, representing Latino Town Hall, submitted a written statement with a list of proposed goals for the City Council's consideration.

The City Council suggested moving the goal to construct new water recycling facility and Public Works maintenance facility under *Ensure Community Health and Safety*, and moving up facilitate construction of new Ventura College East Campus up on the list under *Foster Balanced Community Housing Development*. The City Council also suggested bringing Latino Town Hall's comments as a future agenda item.

It was moved by Councilmember Procter, seconded by Councilmember Luna, to adopt goals and priority projects for FY 2005/06 with the changes noted. All were in favor, and the motion carried.

It was moved by Vice Mayor Cook, seconded by Councilmember Aguirre, to adopt the 2005/06 Economic Development/Redevelopment Implementation Plan. All were in favor, and the motion carried.

C. Santa Paula Beautiful Update - Code Enforcement

It was the consensus of the City Council to bring back this item in July.

CITY/AGENCY COMMUNICATIONS

Vice Mayor Cook commented on the Letter to the Editor written by a local physician regarding the City Council's claim against the Santa Paula Memorial Hospital Board of Trustees. Vice Mayor Cook stated that the City Council was attempting to recoup funds and protect the citizens.

City Manager Wally Bobkiewicz noted the following upcoming events: June 13, 2005 Special City Council Meeting; June 20, 2005 Regular City Council Meeting; June 21, 2005 staff community meeting regarding the Fagan Canyon Environmental Impact Report; June 22, 2005 public meeting for input on Park Master Plan; June 27, 2005 Special City Council Meeting for budget adoption; July 4, 2005 Oddfellows and City of Santa Paula Pancake Breakfast; July 5, 2005 Regular City Council Meeting; July 13, 2005 Joint City Council/Planning Commission Meeting to discuss the Fagan Canyon Environmental Impact Report; July 18, 2005 Regular City Council Meeting; and August 1, 2005 Regular City Council Meeting. He also noted that the City would have a

fireworks display on July 4 at Harding Park and that the City would have a special task force to increase enforcement of illegal fireworks.

Councilmember Luna commended Santa Paula High School for its art exhibit and its production of *Once Upon a Mattress*.

Councilmember Aguirre invited the community to attend the meeting at Our Lady of Guadalupe Parish Hall on June 9, 2005, at 6:30 p.m.

FUTURE AGENDA ITEMS

It was moved by Councilmember Aguirre for the City to consider a partnership with Padres Adelante. City Manager Wally Bobkiewicz recommended that staff bring this item back as a future agenda item at the June 27, 2005 Special City Council Meeting.

ADJOURNMENT

There being no further business to come before the City Council, Mayor Krause adjourned the meeting at 10:45 p.m.
