I, the undersigned hereby agree to furnish all materials and equipment needed to conduct a flow test in the City of Santa Paula

I am to provide the following:

1. A 2.5 or 4" defuser
2. A Pitot Gauge
3. A pressure gauge capable of measuring at least 200 pounds of pressure. In addition I will be responsible for providing two (2) people to administer the test. I understand that a City Water Representative will be on site to monitor the test. The City employee will verify the results. Results of the test will be sent to the Water Superintendent.
